Founded in 2017, and with **over 16 years experience**, Inspired Forest School Training has gained a **trusted reputation** for facilitating confident Forest School practitioners in schools, nurseries and private businesses.

Our approach to training is unique. We pride ourselves on inviting you to learn within a working Forest School setting, alongside children, with guidance from qualified Primary School teachers. All of this, with nature at the heart of everything we do.

There is no better way to begin your journey!

Qualifications that we offer are Ofqual regulated and recognised not only in the UK, but currently 6 other countries worldwide.

Shane is the lead tutor, offering support along the steps of your journey, from visiting a potential setting, to talking you through coursework in more detail. No question too big or trivial - let's inspire together!

THE QUALITY OF THE EXPERIENCE
IS ENHANCED BY THE DIVERSITY
OF LOCATION, ACCESS TO IN-
ACTION TEACHING AND A SKILLED,
